

Fast & Easy Web Options

For All Business Owners...

Business Information Page

This option is designed to give website surfers the opportunity to get basic information about your business. This page will feature the following options:

- A custom web address - You choose the name like www.MyBusiness.com.
- A custom e-mail address - This e-mail address can be used separately or all messages can be sent to a current address that you already have. An example would be James@MyBusiness.com.
- A photo of your business location - Optional at no additional cost. Helps customers find your location when they come to visit your place of business.
- A link to a map to find your business location.
- A description of the services you offer.
- Your contact information - Phone numbers, fax numbers, address, etc.

Cost: **\$29.95** monthly or **\$299** per year

No set-up or additional fees
